

Yes, The Solution (23:47)

No need to wonder
Do you belong
No need to worry
You can be strong
Don't disbelieve it
Let your fears go
There must be more to this life
And we all know
Deep inside
The solution
Staring you down
Looking for
The solution
Bringing you round
The past can haunt your future so
Shadows are falling
Lookout below
Voices are calling
Echoes unknown
There must be more to this life and we all know
Looking for
The solution
Staring you down
Deep inside
The solution
Bringing you round
Giving in
Giving out
Do the best you can do
Giving in
Giving out
It's all up to you
Giving in
Giving out
Do the best you can do
Giving in
Giving out
It's all up to you
It's all up to you
Over and under
And down we go
Caught at the crossroads
Which way to go
Choosing the right path
Only you know
Looking for
The solution
You hold the key
Deep inside
The solution
Set yourself free
Giving in
Giving out
Do the best you can do
Giving in
Giving out
It's all up to you
Giving in
Giving out
Do the best you can do
Giving in
Giving out
It's all up to you
It's all up to you

It's all up to you
Waiting for the moment when the moment has been waiting all the time
Staring at the golden heights wondering are you ready for the climb
Fortune seller finder seeker giver taker wisdom keeper
Wish I knew
Feel the love
Feel the love
That shines
They say the time is like a river that flows
And where that river ends
Nobody knows
Round and round and round I go
When I stop no one will know
Designing
The future
We're building
The dreams taking flight
Silently
Revolving wandering through the heavens above
Over and under
And down we go
Looking for
A new state of mind

Note: "The Solution" is really only about 5 1/2 minutes long, but there is a big long secret track afterwards in which lines from some of the songs on the album are sung a capella. They are separated by 1/4 through 4 minute silent parts.
