

YNW Melly, Mixed Personalities (ft. Kanye West)

say you want someone
say you want someone

I think I got , Mixed Personalities
this bitch switched my whole mentality

this girl, she got mixed personalities
one day she's happy
then she mad at me

say you want someone
that'll love you
someone who could please you
someone who can kiss on and rub you
fuck you like this
fuck you like that

now,
I got mixed Personalities
she got me stressin' singin' melodies
for her
I swear I'd catch a felony
Penelope

say you want someone
say you want someone

I swear to god
this girl be trippin' dawg
one day she blooded
then she crippin dwag
you know I put it in the kittens, dawg
she screamin' out
she need some liftin', aw

she blockin
ignorin' my calls
she keep on blockin'
she blockin
ignorin' my calls
I am all inside her
I will knock down her
walls
this bitch is hyper
need some addrerall

I think I got , Mixed Personalities
this bitch switched my whole mentality

this girl, she got mixed personalities
one day she's happy
then she mad at me

say you want someone
that'll love you
someone who could please you
someone who can kiss on and rub you
fuck you like this
fuck you like that
