

# Yo La Tengo, I'll Be Around

When I stare into your space  
I look before you  
And I can see you at the times

I'll be around,  
to pick up your thought  
I'll be around

Save your kaleidoscope girl  
In the doorway  
Just look to my world at the times

I'll be around,  
to pick up your thought  
I'll be around

Why should I turn from your face?  
I'm looking for you  
And I still miss you at times

I'll be around,  
to make up your thought  
I'll be around
