

# Younger Brother, Ribbon On A Branch

Lost myself in you today  
Lost myself in every way

I see your love in all you do  
I see myself in you  
The story goes on and on

Here in the woods, now my friends  
See you there hang a ribbon on a branch  
Feel my feet on the soil  
Free of trouble free from it all

Feel the air under your feet {not sure}  
...All of me  
First steps you take, best thing you make  
Never alone always awake  
Key to a bridge, open the door  
So many more before

Here in the woods, now my friends  
See you there hang a ribbon on a branch  
Feel my feet on the soil  
Free of trouble free from it all
