

# Youngstown, Pedal To The Steel

I woke up around two, the sun was shinin' on me  
Pressed my jeans, cleaned my shoes  
Filled up the ride and floored it Top dropped down, vibe on cool  
Let's see what flavors roamin',  
'Cause I don't wanna be with nothin' and I don't feel like pushin'  
Nothin' short of the red line, the spot's hot now  
Call my crew 'cause they know how to party  
Got to make sure I'm smooth, dressed to impress  
I'm 'bout it  
All I wanna do is ride

So let's roll, you know,  
How, we do, when I'm in a state of mind to cruise  
It's so simple  
Put the pedal to the metal and let it go

Cruzin' with my homies, Youngstown in full effect,  
Gotta go and cash my check, and find something to do  
But for now we're  
Ridin',  
Slidin' havin a good time  
Just so sublime, findin' peace of mind, in my ridin' time.  
Radio's playin' my favorite song, tell my boy to turn it up  
The day is short but the road is long, so lets burn it up  
When the sun goes down that's okay, keep ridin' away,  
It's been one hell of a day, doin' things my own way

(RAP)

Let's ride  
I got the keys to the Expo  
Rims low, let's go no matter where we go we rock the show  
Radio loud drawing a crowd, party's at the stoplight  
We rock the mic hype from Chi-Town to Y- Town, we gets down

Yo baby what's up I like your truck
