

Your Demise, Paper Trails

So grip my hand so tightly
And please never let me go
A secret shared only with myself
Who would've thought it'd all come true

All I know is you (all I know is you)
Are just a young and hopeless fool
I've always cared for you (I've always cared for you)
You just never knew

So follow this paper trail
That leads all the way back to me
So pick up all the pieces
So pick up all the pieces
And I've got nothing except what you see
(So pick up all the pieces)
Its a long way home
As the sky falls down on me

We've all had our loves
And you know we fucked it either way
That's what all of the people say
But I mean it when I say I'm true

All I know is you (all I know is you)
Are just a young and hopeless fool
I've always cared for you (I've always cared for you)
You just never knew
