

# Yung Bleu, Love Scars

Hey, it's me  
I just wanna let you know I had a really good time tonight  
You was smelling good, looking good  
You got my attention for real  
I don't wanna let you think that you got it  
I know you got girls and all that, but  
I like you, and I wanna see some more of you  
Emotions, emotions  
Yeah, yeah

It's bad when  
You fall in love and don't know what happened  
Emotions  
If this ain't love then this emotion  
I think I fell in love, I think I'm ready for love  
Love how you operate, yeah

Ride like a Ducati  
I got a bag and I bought you a new body  
She can get wet and I'm talking 'bout tsunami waves  
I got love scars  
Love how you operate, yeah  
Please be the doctor, bae  
Love how you operate  
(Oh my God, I'm smiling so hard, I know you can see it on my face)  
She's in love 'cause she got love on her face  
And you can love me, but don't love me in vain  
I can be your umbrella, you can get out that rain  
Promise you I ain't the same, say my name (Vandross)

It's bad when  
You fall in love and don't know what happened  
Emotions  
If this ain't love then this emotion  
I think I fell in love, I think I'm ready for love  
Love how you operate (Love how you put it down)  
(Emotions)

You give your heart to someone, but you don't know how it leads  
And you get left with a scar, they just don't know how it bleeds  
Shoe game on check, ice game on check, 'cause a nigga got a check  
Shoe game on check, ice game on check, 'cause young nigga got a check, yeah  
Oh, I wanna love you like he never did  
I wanna love you like he never been

Emotions  
If this ain't love then this emotion  
I think I fell in love, I think I'm ready for love  
Love how you operate (Love how you put it down)  
(Love how you put it down)  
(Emotions)  
(If this ain't love then this emotion)
