

Yung Bleu, We're Undone

I never meant to make you upset (Upset)
Just sittin' here looking back, it's pure regret (Regret)
When I look in your eyes I see the sun (The sun)
And I can't let you go 'cause we're undone (Undone)
Cry on my shoulders
Cry on my shoulders
Cry on my shoulders
Cry on my shoulders

I like spin 'round on that dick
She say "damn skip it"
She gon', she gon' do it quickly
Bitch you make me mad you make me click, and that's bad business
Come and get me turned up, get me lit
Get off your bag [?]
I blew a bag in [?]
Oh, you know stay hard from start to finish
You know I got the key to your ignition
I might start your engine
Like vroom, vroom, we go boom, boom in the bedroom
Brand new Lamborghini Aventador ain't got no leg room

I never meant to make you upset (Upset)
Just sittin' here looking back, it's pure regret (Regret)
When I look in your eyes I see the sun (The sun)
And I can't let you go 'cause we're undone (Undone)
Cry on my shoulders
Cry on my shoulders
Cry on my shoulders
Cry on my shoulders

She was tatted up
Let's leave the club if you want me bad enough
Still hopin' that you love me that way
Hope you ain't give my loving away, (Away) yeah, yeah
You ain't been gone that long, ooh
But you've been gone too long, come through
I don't understand how you make it sound so easy
Sounds so hard, but I guess I gotta see from your part on me

I never meant to make you upset (Upset)
Just sittin' here looking back, it's pure regret (Regret)
When I look in your eyes I see the sun
And I can't let you go 'cause we're undone (Undone)
Cry on my shoulders
Cry on my shoulders (Cry on my shoulders)
Cry on my shoulders (My shoulders)
Cry on my shoulders

Go on and cry, cry
Go on and cry, cry
Cry on my shoulders
My shoulders
Cry on my shoulders
Cry on my
Go on in
Go on in
