

# YUNGBLUD, Parents

i was born a messed up century  
my favourite flavoured sweets are raspberry amphetamines  
I bought a car, Beretta age 16  
I brush my teeth with bleach  
cause I ain;t got time for cavities  
my daddy put a gun to my head  
said if you kiss a boy  
I gona shoot you dead  
so I tired him up with gaffa tape  
and I locked him in a shed  
then I went out ot the garden  
and I fucked my best friend

cause my high hipes are getting low  
cecause these people are so old  
the way think about it all  
if I tired, I would never know  
my high hopes are getting low  
but I know I'll never be alone  
it's alright, we'll survive  
cause parents ain;t always right

I, I, I, I /5x
