

# Yusuf Islam, Midday (Avoid City After Dark)

I like to take a walk out in the midday  
checking life out in the park  
I like to take a walk out in the midday  
Ah, but I avoid the city after dark

Oh, I love to see the children playing in the rain  
Splashing boots and kicking mud

Oh, I love to see the kids playing in the rain  
Ah, but I avoid the city after dark

I love to feel the ocean blowing in my face  
Wave as the old boats depart  
I love to feel the wind blowing in my face  
but avoid the city after dark
