

Zak Belica, Heavy Metal Fire

I've been naughty lately
All kinds of thoughts in my head
It seems that I have a notion
I just wanna see red

It's time so show 'em the heavy metal way
I'm gonna kick your ass five ways to Friday
You cross me now and I'll cut you in two -
Feel the sword - it was good for me too
'cause

FAKK2
Comin' at you
Heavy metal fire
Is my desire

Here we are now
Locked at each other's throats
For all time
Killer and savior
Killer and savior

Who will win now
I think you know how the story goes
- evil defeated
FAKK2 is Victorious
Victorious
Victorious

It's time so show 'em the heavy metal way
I'm gonna kick your ass five ways to Friday
You cross me now and I'll cut you in two
Feel the sword - it was good for me too

FAKK2
Comin' at you
Heavy metal fire
Is my desire

Here we are now
Locked at each other's throats
For all time
Killer and savior
Killer and savior

Heavy Metal
FAKK2
I'll be waiting
For You
