

# Zara Larsson, Right Here

I could have two girls in this bed  
Wouldn't even get your attention  
I could have powders as my best friend  
Wouldn't even get your attention  
And i could be naked at dinner  
And touching the waiter  
The baddest behaviour  
I could have two girls in this bed  
Wouldn't even get your attention

And you got me thinking  
Why  
Do i even try  
Why, why  
Why  
I don;t understand who are you with  
Is it me or the light in your hands

I am right here  
Why can't you look at me  
You keep your eyes on the screen  
Like you don't care  
That i am right here  
I am wearing that perfume  
That you got me in June  
Do you not smell it in the air?  
I am right here
