

# Zara Larsson, Uncover

Nobody sees - Nobody knows  
We are a secret - can't be exposed  
That's how it is - That's how it goes  
Far from the others  
Close to each other

In the daylight - in the daylight  
When the sun is shining  
On a late night, on a late night  
When the moon is blinding  
In plain sight - Plain sight  
Like stars in hiding  
You and I burn on, on

Put 2 and 2 gether - 4ever  
We'll never change  
2 and 2 gether  
We'll never change

Nobody sees - Nobody knows  
We are a secret - can't be exposed  
That's how it is - That's how it goes  
Far from the others  
Close to each other

That's when we uncover, cover, cover  
That's when we uncover, cover, cover

My asylum - My asylum  
Is in your arms  
When the world gives heavy burdens  
I can bare a thousand tons  
On your shoulder - on your shoulder  
I can reach an endless sky  
Feels like paradise

Put 2 and 2 gether - 4ever  
We'll never change  
2 and 2 gether  
We'll never change

Nobody sees - Nobody knows  
We are a secret - can't be exposed  
That's how it is - That's how it goes  
Far from the others  
Close to each other

That's when we uncover, cover, cover  
That's when we uncover, cover, cover

We could build a universe right here  
All the world could disappear  
Wouldn't notice, wouldn't care

We could build a universe right here  
The world could disappear  
Yeah I just need you near

Nobody sees - Nobody knows  
We are a secret - can't be exposed  
That's how it is - That's how it goes  
Far from the others  
Close to each other

That's when we uncover, cover, cover  
That's when we uncover, cover, cover  
That's when we uncover
