

Zayn Malik, Coming Over (ft. Charlie Puth, Timbaland)

You always say i only call you after midnight
You're who i want
End of the day
These pics you sent me
Down there speeding
Through these red lights
Don't get too comfortable, babe

I am on my way
I am sorry i made you wait
I hope thta you stay awake
Do you loe me anyway?
Look, i know i am wrong
But i am too good to be alone
I promise it won't be long
Do you love me anyway?

I know it's late
But i am coming over til 2, 3, 4 in the morning
So it counts as tonight
I know it's late
But i am coming over til 2, 3, 4 in the morning

am coming over til 2, 3, 4 in the morning

don't get undressed yet, baby
i want to undress you
hold up girl
i am right down the street
only a couple minutes till come and check ypu
then i am gon put you half asleep

I am on my way
I am sorry i made you wait
I hope thta you stay awake
Do you loe me anyway?
Look, i know i am wrong
But i am too good to be alone
I promise it won't be long
Do you love me anyway?

I know it's late
But i am coming over til 2, 3, 4 in the morning
So it counts as tonight
I know it's late
But i am coming over til 2, 3, 4 in the morning

am coming over til 2, 3, 4 in the morning
