

Zedd, Stay The Night (Feat. Hayley Williams of P

I know that we are upside down.
So hold your tongue and hear me out.
I know that we were made to break so what, I don't mind.
You killed the lights so draw the blinds.
Dumped all the sparkle in your eyes.
I know that we were made to break so what, I don't mind.

Are you gonna stay the night? /2x
oh oh oh oh oh oh are you gonna stay the night?
Are you gonna stay the night?
Doesn't mean we're bound for life
so oh oh oh oh oh oh are you gonna stay the night?

Are you gonna stay the night?
Doesn't mean we're bound for life.
So oh oh oh oh oh oh are you gonna stay the night?

I am a fire, you're gasoline.
Come pour yourself all over me.
We'll let this place go down in flames only one more time.
You killed the lights, so draw the blinds.
Dumped all the sparkle in your eyes.
I know that we were made to break so what, i don't mind.

Are you gonna stay the night? /2x
oh oh oh oh oh oh are you gonna stay the night?
Are you gonna stay the night?
Doesn't mean we're bound for life
so oh oh oh oh oh oh are you gonna stay the night?

Are you gonna stay the night?
