Zeromancer, Wannabe

Wannabe Yeah you You're just a wannabe Do you want to be like me

Dum dum dummy Dum dum dum

Feels like a hole inside Can't breathe my lungs have dried My heart's a bomb Ready to go off

A wannabe That's you A fucking wannabe Why do you want to be like me

You hate yourself But rate yourself As a number one

Feels like a hole inside
Can't breathe my lungs have dried
My heart's a bomb
Ready to explode
Brings out the prick in me
Don't think it's purity
I stick in you
Try to tell yourself
It ain't true
