

Zombina And The Skeletones, End Of The World

Hey, if you got atomic blood
And nothing to waste it on
I'm a sexual vampire
I'll eat your love tonight

I said hey, in the wreck of the subway train
Trapped and wasted away
Cos nobody saw the hands
I'll eat your heart tonight

Everybody's gonna die
Cos it's the end of the world

In the morning I get ready for the night
Cos baby, there's no red button in sight
I want to leave this world tonight...
