We found each other by mistake
I never really wanna you
You've said you even ?
Kill others ?.

Now it's ? around
Now it's ? around

We found each other by mistake
I never really wanna you
But now it's ? around
He never died for me

I do anything you tell me to
? I give all me heart
You're stranger to me
You're stranger to me

I do anything you tell me to
I give you everything I got
Please look at me like lover do
You're like a stranger to me
You're stranger to me
Like a stranger
