

# Bad Religion, Can't Stop It

I'm incurable but durable it's easy to see  
Lack of restraint is a complaint of those around me  
I know that others postpone  
Gratification well I lack that affectation  
Let's get it right  
(Let's get it right)  
There's no end in sight  
And I can't stop  
(Can't stop)  
I can't stop it  
(Can't stop)  
I can't stop  
(Can't stop)  
Can't stop shocking  
But I just can't stop it, that's right  
Uncontrollable, I'm inconsolable  
My pleasure center is the shelter for a reptile  
I hate when I gotta tolerate  
Frustration see I lack the motivation  
Let's set this straight  
(Let's set this straight)  
I never wait and I can't stop  
(Can't stop)  
I can't stop it  
(Can't stop)  
I can't stop  
(Can't stop)  
Can't stop shocking  
But I just can't stop it, that's right
