Bad Religion, Do What You Want

Bad Religion
All Ages
Do What You Want
Hey, do what you want
But don't do it around me
Idleness and dissipation breed apathy
I sit on my ass all goddamn day
A misanthropic anthropoid with nothing to
Say what you must, do all you can
Break all the fucking rules
And go to hell with superman
And die like a champion ya hey!

Hey, i don't know if the billions will survive
But i'll believe in god when one and one are five
My moniker is man and i'm rotten to the core
I'll tear down the building just to pass through the door
