

Bad Religion, Heroes & Martyrs

Amid the heat and the wrack
Hot boots invested and cracked
Poor candidates jacked into gray light
An ultra-violent call
Summoning both poet and thrall
Sweet catalyst for the acolytes
Our heroes & martyrs
Present two points of view
Which deity you're praying to
Into a welter of night
Flack, rounds and roiling blight
Cracked vertebrates stacked by the wayside
An ultra-violent call
Summoning both poet and thrall
The inveterate blind seeking daylight
Our heroes & martyrs
Present two points of view
Which deity you're praying to
