

Bad Religion, Man With A Mission

Rescue me when I get too deep
Talk to me there's nothin' to tell
Everyone is a hypocrite
Look to me, I'll save your soul
Now somebody out there must be readin' my mail
'Cause everybody knows
Follow me when you give up
Work for me, it'll serve you well
Everyone is a hypocrite
Come to me, I'll save your soul
Now somebody out there must be tappin' my phone
'Cause everybody knows
I'm a man with a mission
I'm gonna fly you away
High above the noise and competition
I'm a man with a mission
(Oh)
Ohh yaa
Now somebody out there must be readin' my mail
'Cause everybody knows
I'm a man with a mission
Passing through your town today
I condemn you to fiery perdition
And I'm a man with a mission
(Mission)
(Oh)
