Bad Religion, Supersonic

Well am I making haste or could it be haste is making me What's time but a thing to kill or keep or buy or lose or live in I gotta go faster, keep up the pace Just to stay in the human race I could go supersonic The problem's chronic Tell me does life exist beyond it When I need to sate I just accelerate into oblivion Into oblivi yah yah yah yah yah yah yan Now here I go again, everything is alien How does it feel to be outstripped by the pace of cultural change My deeds are senseless and rendered meaningless When measured in that vein I could go supersonic The problem's chronic Tell me does life exist beyond it When I need to sate I just accelerate into oblivion Into oblivion I won't lie It's exciting When I try To decide things I just want to live Decently Meaningfully I'm in misery I could go supersonic The problem's chronic Tell me does life exist beyond it When I need to sate I just accelerate into oblivion Into oblivi yah yah yah yah yah yah yan
