

# Bad Religion, There Will Be A Way

Shut your eyes  
See the future's distant shore  
March ahead  
More enlightened than before  
And there's sure to be bumps  
And distractions  
But I know we'll get through  
There will be me, there will be you  
There will be a way  
Unresolved repercussions from your life  
Fortified with the vitriol of strife  
And you can be gridlocked by predictions  
But you're wise, grab the prize  
Then revise, realize  
There'll be a way  
Ohh ho  
There will be a way  
(Ho, ho, ho, ho, ho, ho, ho)

And I don't know where we are going  
But you're here on this ride  
And we'll stand side by side  
All along the way  
Follow me to the futures distant shore  
Vagary needn't haunt us anymore  
And now it's time to set the agenda  
Learn my past, make it last  
Share the wealth, hold your fire  
Conserve life, make it right  
Kill the hate, negotiate  
There will be a way  
There will be a way  
There will be a way  
There will be a way  
There will be a way
