

# Dontae, Lately

(Oh)

(Oh)

(Oh, oh whoa)

(Oh, oh whoa)

(Yeah, yeah, yeah)

(Oh)

(Oh)

(Oh, oh whoa)

(Oh, oh whoa)

(Yeah, yeah, yeah, yeah, yeah)

I'm just sittin' back and realizin'

All the reasons I made a bad turn

She was gettin' fed up and slowly driftin'

I guess the love we had crashed and burned

I had excuses for everything

I put your feelings last

I kept my business first

I never knew how much you meant to me

Until the last minute it hit me

(Now that she's gone, deep inside I feel cold)

(I can't live my life right, so empty inside)

Without her I don't know if I can make it

Maybe she's all that I need

(I hate that she's gone, no it ain't a good feeling)

(I feel so weak and no I can't stand it)

'Cause it's killin' me in every way

I can't explain it

Ooh, ooh, ooh whoo...

[Chorus:]

Maybe I deserve for you to leave

Maybe I should've said how it is between you and me

Maybe

Maybe

Just maybe

Maybe

'Cause lately I've been thinkin' about myself

Lately I've been drivin' you insane breakin' your heart

Lately

Lately

Just lately

Lately

Well I don't get most to fall

What makes her stand up than any other girl?

I'm so confused I can't call it

I feel so bad there's so much she doesn't know

I put on a front sayin' nothin's goin' on

And I don't feel right 'cause I know that it's wrong

I took advantage of your love and it hurts

Oh it hurts yeah

(Now that she's gone, deep inside I feel cold)

(I can't live my life right, so empty inside)

Without her I don't know if I can make it

Maybe she's all that I need

(I hate that she's gone, no it ain't a good feeling)

(I feel so weak and no I can't stand it)

'Cause it's killin' me in every way

I can't explain it girl

[Chorus:]

Maybe I deserve for you to leave

Maybe I should've said how it is between you and me

Maybe

Maybe

Just maybe

Maybe

(Whoa-oh ooh whoa ooh)  
'Cause lately I've been thinkin' about myself  
(Thinkin' 'bout myself)  
Lately I've been drivin' you, (oh, oh, oh), insane breakin' your heart  
Lately  
(Lately)  
Lately  
Just lately  
(Lately yeah)  
Lately  
Maybe I should've paid more attention  
Took the times that you was givin'  
But I had too much goin' on girl, girl  
'Cause it's not the same when you're not here  
(It's not the same)  
I feel drained, I don't know what to do hoo, what to do hoo  
(What should I do?)  
Maybe I deserve for you to go  
I deserve for you to go  
Oh ooh  
(Oh)  
(Oh)  
(Oh, oh whoa)  
I don't know what I should do  
(Oh, oh whoa)  
(Yeah, yeah, yeah, yeah, yeah)  
Maybe  
[Chorus:]  
Maybe I deserve for you to leave  
(I deserve for you to go)  
Maybe I should've said how it is between you and me  
( 'Cause I haven't been by you)  
Maybe  
Maybe  
(Maybe)  
Just maybe  
Maybe  
( 'Cause I have been thinkin' wrong)  
'Cause lately I've been thinkin' about myself  
Lately I've been drivin' you insane breakin' your heart  
(And I have been puttin' your love last girl)  
Lately  
Lately  
(Oh ho oh)  
Just lately  
(And it ain't right)  
Lately  
(And it ain't right)
