

# Eddie Murphy, Red Light (ft. Snoop Lion)

Redlight  
Stop right there where you are  
Redlight  
Stop right there where you are  
(There where you are)

Out of the frying pan, into the fire  
Burning down the people's souls  
My high anxiety is getting higher  
Feels like I'm gonna blow  
Gone is the breeze that used to be so sweet  
Poison is the wind that blows  
It can't be long till the military come  
With a knock, knock, knock on your door  
Alright

Redlight  
Stop right there where you are  
This is a redlight  
Stop right there where you are  
(Stop there where you are)

(Gone) Emancipation  
(Gone) Race relation  
(Gone) Most of the rebels are gone  
(Gone) The trust in nation  
(Gone) The time we're wastin'  
(Gone) The people's patience is gone

Broken economy, the streets are dire  
Even more than before  
I need some betterness to take me higher  
Feels like I'm gonna blow  
Gone are the days when people used to say  
"Everything is alright?"  
No place to run, now here your karma a come  
With a knock, knock, knock on your door

Redlight. Stop right there where you are  
This is a redlight. Stop right there where you are  
(Stop there where you are)  
Redlight. Stop right there where you are  
Redlight. Stop right there where you are  
(Stop there where you are)

Pick up the pieces, let it begin, cause this is the way that we flow  
Higher and higher and higher we go  
Through dedication, self-preservation Hailie (high) Selassie (high)

(Gone) Marcus Garvey, Montgomery, Martin  
(Gone) All the rebels are gone  
(Gone) We've lost our way  
(Gone) Darkness is the day  
(Gone) Most of the rebels are gone  
Redlight  
Redlight  
Redlight

We can ride, we can roll, we can breathe  
We can talk, we can walk, we can stop  
At the redlight  
We can smoke, we can do what we want  
And be real with the blunt, we just stop  
At the redlight

We?ll stay true, and be you  
And be up way above with no pushin? or shovin?  
We can ride, we can roll, we can breathe  
We can talk, we can walk, we?ll just stop  
At the redlight  
We can smoke, we can do what we want  
And be real with the blunt, we just stop  
At the redlight  
We?ll stay true, and be you  
And be up way above with no pushin? or shovin?
