

# Eldritch, Ghoulish Gift

Lost moons of regrets  
The latest full of secrets  
Air scents of love  
Peace faith and warmth  
A wax temple priestess  
Tempting sweet kisses...  
When someone calls  
Behind a ghostly postless door

Shocking hurtful sight  
Wide open bleeding eyes  
Snakes creep inside  
Wrapping my mind

Quiet down! The heart sound  
Shake down! Hellbound

Sad timeless trip  
Dark wavering poetry  
Bring me back again  
Those ghouls from the past  
Soundless screams and shouts  
Someone get them out!  
No way to me myself  
I'm chained to an endless past

Shocking hurtful sight  
Wide open bleeding eyes  
Snakes creep inside  
Wrapping my mind

Quiet down! The heart sound  
Shake down! Hellbound
