

En Vogue, Time Goes On

Intro:

Tick, tick, tick, tick, tick, tick

repeat x14

chorus

On and on, time goes on, never stops,

Just goes on

repeat

I'm seem forever, since time began

So full of mysteries we don't understand

Searching for answers and remedies

As problems plague us like an enemy

bridge

Round and round in circles we go

Will we ever stop, nobody knows

Running with the hands of time

Always reaching, still we seem to find

Time just marches on

chorus

So many blinded by life today

When will we realize love the only way

It's time to wake up

'Cause times have changed

Time waits for no one

It's a crucial game

bridge

chorus

Take care of business, don't procrastinate

We must decide on what becomes our fate

Nation to nation, love is the key

Let's take the time we need more unity
