

# Hoobastank, Hello Again

I dream that someday we'll be able to  
Look back on this together and say  
It was for the best and that it made us  
Stronger today, stronger today  
There's much more for us to see  
A brand new day for you and me  
And with confidence I say, "We're better than ever"  
And I don't know where this will lead  
But in my life you need to be  
Cause I need to say, "Hello again"  
I'm so afraid that if I wait too long  
You'll never look in my eyes again  
With a look that gave me strength and gave me hope  
And made me feel I've inspired  
There's much more for us to see  
A brand new day for you and me  
And with confidence I say, "We're better than ever"  
And I don't know where this will lead  
But in my life you need to be  
Cause I need to say, "Hello again"  
Hello again, hello again, yea  
Hello again, yea  
There's much more for us to see  
A brand new day for you and me  
And with confidence I say, "We're better than ever"  
And I don't know where this will lead  
But in my life you need to be  
Cause I need to say, "Hello again"
