

Hoobastank, Hello Again

I dream that someday we'll be able to
Look back on this together and say
It was for the best and that it made us
Stronger today, stronger today
There's much more for us to see
A brand new day for you and me
And with confidence I say, "We're better than ever"
And I don't know where this will lead
But in my life you need to be
Cause I need to say, "Hello again"
I'm so afraid that if I wait too long
You'll never look in my eyes again
With a look that gave me strength and gave me hope
And made me feel I've inspired
There's much more for us to see
A brand new day for you and me
And with confidence I say, "We're better than ever"
And I don't know where this will lead
But in my life you need to be
Cause I need to say, "Hello again"
Hello again, hello again, yea
Hello again, yea
There's much more for us to see
A brand new day for you and me
And with confidence I say, "We're better than ever"
And I don't know where this will lead
But in my life you need to be
Cause I need to say, "Hello again"
