

Iza Lach, Time Of The Year

It's hard to know
When we were get in there
Again, again

In hard words for now
for trying for so long
Again, again

Oh, I still believe in wonder
The wonder make she feel
And I feel like found one
In this perfect man
Why it has to be so complicated
This time of the year
We should be happy
We can be happy
This time of the year
We should feel joy
My dear
If this time of the year
We should feel love
So get this gift from me

I wonder lucky one cause I happend here
In if its only in my hart, no I don't mind
And If I never see your smile I'll survive
And If I have to live like that, I gonna try
Cause I don't mind
Cause we should be happy
So I don't mind

All I've got
And you always in my heart
For day and night
And I can't stop
If I try to take you everything

Oh, I still believe in wonder
The wonder make she feel
And I feel like found one
In this perfect man
Why it has to be so complicated
This time of the year
We should be happy
We can be happy
This time of the year
We should feel joy
My dear
If this time of the year
We should feel love
So get this gift from me

I wonder lucky one cause I happend here
In if its only in my hart, no I don't mind
And If I never see your smile I'll survive
And If I have to live like that, I gonna try
Cause I don't mind
Cause we should be happy
So I don't mind
