

# M.I.A., UNBREAK my Mixtape

If you ever leave  
Then I'll have to give up everything that I believe  
Life is nothing but just a fantasy  
Since he took away the love that's left in me  
Please talk to me,  
Did you ever fight for me?  
And how come I stand by you if I can't find my feet?  
Now you can't stand me,  
Make me your enemy  
Now what did I do for you to call me crazy?  
If you see a sudden change,  
Focus your mind away  
Here's a mixtape that I made,  
Let's take a break  
Don't wanna fuss away,  
Baby if it's too late  
While I get my life so it is a mixtape

I never..  
It's me but it's not where you have been  
Fore you fall away from all  
So far away for me

When you hit your face,  
Throw me up like mace  
Yea, what's it for?  
We're just another case  
Hurt does leave a trace  
Love's the darkest phase  
And this hole is deeper than therefore the eye embrace  
Did you fight for me?  
Did you cry for me?  
And how come I stand by you if I can't find my feet?  
If you see a sudden change,  
Focus your mind away  
Here's a mixtape that I made,  
Let's take a break  
Don't wanna fuss away,  
Baby if it's too late  
While I get my life so it is a mixtape

Oh my baby?  
Oh my baby  
Oh why?  
Oh my  
/2x

Did you fight for me?  
Did you cry for me?  
And how come I stand by you if I can't find my feet?  
If you see a sudden change,  
Focus your mind away  
Here's a mixtape that I made,  
Let's take a break  
Don't wanna fuss away,  
Baby if it's too late  
While I get my life so it is a mixtape

(Karen Dalton ?I Love You More Than Words Can Say?:)  
Please, let me sit down beside you  
I've got something to tell you, darling  
You wanna know  
I just can't wait, no not another day  
I love you more than words can say
