

Mayra Andrade, We Used to Call It Love

Babe, gone away just for a while
I'm sitting down here wandering why
Why, oh, why?
Babe, gone away so far away
I'm sitting down here wandering
What to say?
Babe, gone away just for a while
I'm sitting down here wandering why
Why, oh, why?
Babe, gone away so far away
I'm sitting down here wandering
What to say?

We used to call it love
We used to call it love
We used to call it love
We used to call it love

Babe, gone away from the shore
Here I am crying up for more
Babe, gone away and hit the North
Let me down feeling blue and cold

We used to call it love
We used to call it love
We used to call it love
We used to call it love
Love, love
