Mayra Andrade, We Used to Call It Love

Babe, gone away just for a while I?m siting down here wandering why Why, oh, why?
Babe, gone away so far away I?m siting down here wandering What to say?
Babe, gone away just for a while I?m siting down here wandering why Why, oh, why?
Babe, gone away so far away I?m siting down here wandering What to say?

We used to call it love We used to call it love We used to call it love We used to call it love

Babe, gone away from the shore Here I am crying up for more Babe, gone away and hit the North Let me down feeling blue and cold

We used to call it love Love, love
