

# Midtown, Manhattan

I can't believe anything  
Every year it's the same  
Chew me up  
Spit me out again

Oh, I've seen it all  
Winter, Summer, Fall  
I love you with my eyes  
What's your name

I can't believe how I'm living  
Lost in Manhattan  
I don't know where to go  
There's no where left to go

I can't believe how I'm living  
Lost in Manhattan
