

Planet Smashers, Unstoppable

I have no alibi
I have no need for one
I'll fess to what's been done
Even if you think its wrong
Truth don't come easily
It will not be denied
You don't, have to believe
Cause I know what'll make things right

That's right

Are you, waiting
The world, it falls apart
They are, unstoppable
Unstoppable

Solutions visible
Easy for all to see
Ideas are twisted
For profitability
change won't come overnight
For this i pledge to fight
We all have been the same
This is our reality

Are you, waiting
The world, it falls apart
They are, unstoppable
Unstoppable

Are you, ready
To do, all that you can
To stop, the unstoppable
Unstoppable

I have no alibi

Truth don't come easily
It will not be denied
You don't, have to believe
Cause I know what'll make things right
That's right

Are you waiting
The world, it falls apart
They are, unstoppable
Unstoppable

Are you ready
To do, all that you can
And stop the unstoppable
Unstoppable
Unstoppable
Unstoppable

Are you ready

Unstoppable

Are you ready

I have no alibi
