

Planet Smashers, Wise Up

Riding high on a losing streak out of touch with reality
Haven't left for over a week common sense has sprung a leak again
You've been burned and you felt the pain, you run right and you do it again
Humanoids are hard to drain
Just wise up and don't complain just
Wise up, wise up and you'll no how to do it right next time
You can't figure out what you want losing your train wreck of thought
Think you're above the law but you're not learnt that lesson but you forgot
Your good life dreams a fake
Holding out for your big break
Keep repeating your mistake wise up for your own sake just
Wise up, wise up and you'll no how to do it right next time
Still life keeps dragging on trying to figure out what ent wrong
Later on may be too late the time is now to instigate a change
