

Royal Republic, Ain't Got Time

I ain't got time to dance
I ain't got time to boogie
I ain't got time
I ain't got time
I ain't got time to dance

I ain't got time to talk
No time for conversation
I ain't got time
I ain't got time
I ain't got time to talk

I ain't got time for cash
I ain't got time for money
I ain't got time
I ain't got time
I ain't got time for cash

I ain't got time to lose
I got no time for winning
I ain't got time
I ain't got time
I ain't got time to lose

But I'll make some time for you
If you make some time for me too
Gonna make some time for you
Cause you gotta make time for love

Well the beat goes on to the break of dawn
But I gotta keep on runnin'
And I don't stop when the sun goes up
Cause imma rockin' around the clock

I ain't got time to dance
I ain't got time to boogie
I ain't got time
I ain't got time
I ain't got time to dance

But I'll make some time for you
If you make some time for me too
Gonna make some time for you
Cause you gotta make time for love

But I'll make some time for you
If you make some time for me too
Gonna make some time for you
Cause you gotta make time for love

I ain't got time to talk
No time for conversation
I ain't got time
I ain't got time
I ain't got time to talk

But I'll make some time for you
If you make some time for me too
Gonna make some time for you
Cause you gotta make time for love

But I'll make some time for you
If you make some time for me too
Gonna make some time for you

Cause you gotta make time for love
