Looking at yourself in the mirror baby
Telling yourself to be up this morning
Holding in your hand another mirror baby
One or two lines for confidence
Pretty little girl is climbing to the top
Her ageing takes her
Down, down, down

Eating alligator for dinner baby
A restaurant that made it to the top
Smoothies always get to pay for dinner baby
The food was the last thing you came for
Pretty little girl is climbing to the top
Her ageing takes her
Down, down, down
You can see them fall
