

Slavko Kalezić, Space

Linen is covered with feathers
Come in to me from within
We can be as one in the sky

The spaceship is ready to blow
Drunk in love I'm gonna explode
Be my Bonnie
We'll mix and match with Clyde
Let's explore this galaxy of stars /2x

I have my suit on
No need to worry
Give me your body
Let's write a story
Our body language
Rocket to the stars
/2x

Show me your powers
I'm Venus and Mars of hour
I'll protect you if you come my way
Let's soar through the Milky Way

I have my suit on
No need to worry
Give me your body
Let's write a story
Our body language
Rocket to the stars
/3x

We're taking off /4x

In space we can be as one
