

# Subb, All About Shane

She's been around a couple of years ago  
She's doing cool things, like porno videos  
With all her friends and her caravan  
I wanna take a ride and travel across the land

She's the kind of girl that make you say  
I didn't know we do it that way  
And i've been watching her every night and then  
I wish one day i'll be entering your world

Take me to Shane's world!  
She never hesitates, givin' me her best

I watched her one time and i knew it was good  
And it wasn't enough  
I watched her three times ans i watched again  
4,5,6,7,8,9,10...times!

Since we met, i've been addicted  
I can't get enough of you when you are naked  
You are my superstar, my diva porn queen  
I wish one day i'll be entering your world
