

# Subb, Almighty Ten

I think you'd never believe what i'm thinking? It's not related to you!  
If my action just happens to elude them, then i'll do it again!  
I don't know what they think they might do? And i don't care more than you  
It's all over, i get rid of my tension, and i won't do it again  
It's alright, it's really alright  
Yeah it's ok, i said it's really ok  
Won't you ever listen to what i have to say?  
And i say; who am i talking to?  
It's the almighty ten!!  
Do these people care about your problems  
They don't even know how!  
And do they listen when you're about to shut down  
Man, they just bring you down  
[Chorus]  
[Solo]  
Ten is powerful, ten is just amazing  
I think it's really bullshit  
If i had a choice i would take it  
In my mind, this is it!!!  
[Chorus]  
And i say; who am i talking to  
It's the almighty.....TEN!
