

Subb, Don't Be Gone

Is this the night?
Is this the night we lose it all?
Peace of mind...
The slogan's hanging on our wall

Is this the way?
Is this the way we wanna live?
Out and wait to die...
Our pride is flying in the wind

Don't be gone...
When you've been waiting for me so long
Don't be gone...
Who knows who will love you when you're gone?
