

Subb, Misbehave

I'd rather stay
Well I'd rather stay this way
Don't want to change my point of view
Don't turn away
Just take a guess today
I can't support it every day
I just can't wait
What you're always hate
But I'm not trying to misbehave
I'd rather stay
I don't want to go away
I'm feeling so alone by now
Don't turn away
And take your chance today
You know we can't live another day.
