

# Torch, Lord Knows

So many come and gone throughout the years  
Lord only knows why I?m still here  
Lord only knows why I?m still here  
(I aks myself that every day)  
Must be a reason

Haters callin, look  
Mama say I?m blessed  
Definition of survivor, dodge indictments to death  
Wutchu know about starin down the barrel of a 9?  
Seemed sweet  
Protégé, guess it wasn?t my time  
9 lives, must?ve used they  
Why the enemy had that same look?  
Why GC went back on the Ace? Why Chris ain?t duck? Damn  
Rich up in the game,  
Probably think I?m forgot  
And really I was doing bad  
Tryna aim for the moon, hopefully I?ll be a star  
I was on TV, still sleepin in my car  
If you muhfuckas only knew  
Had to grind like my brakes bad  
I deserve all this, dudes will pay their moves  
I made that, kept a bundle in the hammer  
Port of Miami, I was runnin from the cannons  
I was really livin that life, whippin that white  
Wasn?t ready for the lights,  
Years later wish a nigga really was though  
Yuh

So many come and gone throughout the years  
Lord only knows why I?m still here  
(Every day I count my blessings yall)  
Lord only knows why I?m still here  
(I should?ve been outta here  
God is good though)  
Must be a reason

Could?ve been in Attica, could?ve been murda  
Could?ve died in that crash, could?ve got caught with the burner  
When the knox raided they ain?t find a fuckin gram  
Call me crazy but this music shit gotta be God?s plan  
Only one chance to make a first impression,  
It?s my second time, pray for me  
Tryna leave the trap, Lord make a way for me  
Slimier niggas in the industry and in the streets  
Talk crazy til you see em, then they in the piece  
Overlooked by the bloggers and the sites, how?  
I?m in the credit so niggas you call nice  
Nigga you call dope ? the niggas I call weird  
Flow don?t match they region, clothes look all queer  
Every day shrimp fry, rice four chicken wings  
Four ditches and 5th of Henny, shit sickening  
My girl don?t love me how she used to  
Thinkin I fucked her friend, swear to God I ain?t doin cha  
Yea

So many come and gone throughout the years  
Lord only knows why I?m still here  
Lord only knows why I?m still here  
Must be a reason
